A practical project management course covering project life cycles and frameworks, integrated planning and scope and change control. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Advanced Project Management gives delegates a structured, practical understanding of project life cycles and frameworks and integrated planning, then builds the skills to apply scope and change control, cost and schedule and leading project teams in real work. Sessions are led by practitioners with at least 15 years in the field.

What you will learn

- Project life cycles and frameworks
- Integrated planning
- Scope and change control
- Cost and schedule
- Leading project teams

Who should attend

Project managers, engineers, planners, contract administrators and PMO staff.

5-day course outline

Day 1	**Project life cycles and frameworks**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Integrated planning**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Scope and change control**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Cost and schedule**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Leading project teams**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Project life cycles and frameworks** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Integrated planning and scope and change control** — Group exercises that combine methods from week one.
Day 8	**Field case study: Cost and schedule** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Leading project teams** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
