A practical maintenance and reliability course covering CMMS and EAM functions, asset hierarchy and master data and work order processes. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

CMMS and EAM Implementation (SAP PM and Maximo) gives delegates a structured, practical understanding of CMMS and EAM functions and asset hierarchy and master data, then builds the skills to apply work order processes, implementation and data migration and reporting in real work. Sessions are led by practitioners with at least 15 years in the field.

What you will learn

- CMMS and EAM functions
- Asset hierarchy and master data
- Work order processes
- Implementation and data migration
- Reporting

Who should attend

Maintenance managers, planners, reliability engineers, inspection staff and asset managers.

5-day course outline

Day 1	**CMMS and EAM functions**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Asset hierarchy and master data**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Work order processes**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Implementation and data migration**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Reporting**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: CMMS and EAM functions** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Asset hierarchy and master data and work order processes** — Group exercises that combine methods from week one.
Day 8	**Field case study: Implementation and data migration** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Reporting** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
