A practical health, safety and environment course covering ISO 14001 requirements, environmental aspects and impacts and legal compliance. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Environmental Management Systems (ISO 14001) gives delegates a structured, practical understanding of ISO 14001 requirements and environmental aspects and impacts, then builds the skills to apply legal compliance, operational control and emergency preparedness and internal audit and improvement in real work. Sessions are led by practitioners with at least 15 years in the field.

What you will learn

- ISO 14001 requirements
- Environmental aspects and impacts
- Legal compliance
- Operational control and emergency preparedness
- Internal audit and improvement

Who should attend

HSE professionals, supervisors, engineers, auditors and line managers responsible for safe operations.

5-day course outline

Day 1	**ISO 14001 requirements**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Environmental aspects and impacts**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Legal compliance**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Operational control and emergency preparedness**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Internal audit and improvement**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: ISO 14001 requirements** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Environmental aspects and impacts and legal compliance** — Group exercises that combine methods from week one.
Day 8	**Field case study: Operational control and emergency preparedness** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Internal audit and improvement** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
