Project Management

Code	Duration	Formats	Language	Certificate
PM-105	**5 or 10 days**	**Classroom, live online, in-house, blended**	**English or Arabic**	**Certificate of completion**

A practical project management course covering risk management process, identification and qualitative and quantitative analysis. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Project Risk Management gives delegates a structured, practical understanding of risk management process and identification, then builds the skills to apply qualitative and quantitative analysis, response planning and monitoring in real work. Sessions are led by practitioners with at least 15 years in the field.

Who should attend

Project managers, engineers, planners, contract administrators and PMO staff.

What you will learn

- Risk management process
- Identification
- Qualitative and quantitative analysis
- Response planning
- Monitoring

5-day course outline

Day 1	**Risk management process**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Identification**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Qualitative and quantitative analysis**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Response planning**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Monitoring**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Risk management process** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Identification and qualitative and quantitative analysis** — Group exercises that combine methods from week one.
Day 8	**Field case study: Response planning** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Monitoring** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
