Code	Duration	Formats	Language	Certificate
LM-101	5 or 10 days	Classroom, live online, in-house, blended	English or Arabic	Certificate of completion

A practical leadership and management course covering strategic thinking and environmental scanning, decision-making models under uncertainty and aligning vision, goals and resources. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Strategic Leadership and Decision Making gives delegates a structured, practical understanding of strategic thinking and environmental scanning and decision-making models under uncertainty, then builds the skills to apply aligning vision, goals and resources, leading stakeholders and building consensus and personal leadership action plan in real work. Sessions are led by practitioners with at least 15 years in the field.

Who should attend

Managers, heads of department, team leaders and high-potential staff preparing for broader leadership roles.

What you will learn

- Strategic thinking and environmental scanning
- Decision-making models under uncertainty
- Aligning vision, goals and resources

- Personal leadership action plan

5-day course outline

Day 1	**Strategic thinking and environmental scanning**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Decision-making models under uncertainty**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Aligning vision, goals and resources**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Leading stakeholders and building consensus**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Personal leadership action plan**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Strategic thinking and environmental scanning** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Decision-making models under uncertainty and aligning vision, goals and resources** — Group exercises that combine methods from week one.
Day 8	**Field case study: Leading stakeholders and building consensus** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Personal leadership action plan** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
