Code	Duration	Formats	Language	Certificate
MR-101	5 or 10 days	Classroom, live online, in-house, blended	English or Arabic	Certificate of completion

A practical maintenance and reliability course covering RCM principles and history, functions and functional failures and FMEA. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Reliability-Centred Maintenance gives delegates a structured, practical understanding of RCM principles and history and functions and functional failures, then builds the skills to apply FMEA, maintenance task selection and implementing RCM in real work. Sessions are led by practitioners with at least 15 years in the field.

What you will learn

- RCM principles and history
- Functions and functional failures
- FMEA
- Maintenance task selection
- Implementing RCM

Who should attend

Maintenance managers, planners, reliability engineers, inspection staff and asset managers.

5-day course outline

Day 1	**RCM principles and history**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Functions and functional failures**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**FMEA**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Maintenance task selection**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Implementing RCM**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: RCM principles and history** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Functions and functional failures and FMEA** — Group exercises that combine methods from week one.
Day 8	**Field case study: Maintenance task selection** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Implementing RCM** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
