Procurement & Supply Chain

Code	Duration	Formats	Language	Certificate
SC-105	**5 or 10 days**	**Classroom, live online, in-house, blended**	**English or Arabic**	**Certificate of completion**

A practical procurement and supply chain course covering shipping markets and freight rates, voyage and time chartering and charter party clauses. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Shipping Management and Chartering gives delegates a structured, practical understanding of shipping markets and freight rates and voyage and time chartering, then builds the skills to apply charter party clauses, laytime and demurrage calculations and ship operations and claims in real work. Sessions are led by practitioners with at least 15 years in the field.

Who should attend

Procurement, logistics, warehouse, contracts and supply chain professionals.

What you will learn

- Shipping markets and freight rates
- Voyage and time chartering

- Ship operations and claims

5-day course outline

Day 1	**Shipping markets and freight rates**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Voyage and time chartering**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Charter party clauses**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Laytime and demurrage calculations**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Ship operations and claims**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Shipping markets and freight rates** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Voyage and time chartering and charter party clauses** — Group exercises that combine methods from week one.
Day 8	**Field case study: Laytime and demurrage calculations** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Ship operations and claims** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
