About this course

Stakeholder Management and Communication gives delegates a structured, practical understanding of stakeholder identification and analysis and mapping, then builds the skills to apply engagement planning, communication management and managing expectations in real work. Sessions are led by practitioners with at least 15 years in the field.

Who should attend

Project managers, engineers, planners, contract administrators and PMO staff.

What you will learn

- Stakeholder identification
- Analysis and mapping
- Engagement planning
- Communication management
- Managing expectations

5-day course outline

Day 1	**Stakeholder identification**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Analysis and mapping**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Engagement planning**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Communication management**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Managing expectations**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Stakeholder identification** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Analysis and mapping and engagement planning** — Group exercises that combine methods from week one.
Day 8	**Field case study: Communication management** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Managing expectations** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
