Code	Duration	Formats	Language	Certificate
MR-103	5 or 10 days	Classroom, live online, in-house, blended	English or Arabic	Certificate of completion

A practical maintenance and reliability course covering turnaround life cycle, scope definition and control and planning and scheduling. Run as a 5-day core or 10-day extended programme, in 16 cities, live online or in-house, and fully customisable for your team.

About this course

Turnaround and Shutdown Management gives delegates a structured, practical understanding of turnaround life cycle and scope definition and control, then builds the skills to apply planning and scheduling, execution and safety and post-turnaround review in real work. Sessions are led by practitioners with at least 15 years in the field.

Who should attend

Maintenance managers, planners, reliability engineers, inspection staff and asset managers.

What you will learn

- Turnaround life cycle
- Scope definition and control
- Planning and scheduling
- Execution and safety
- Post-turnaround review

5-day course outline

Day 1	**Turnaround life cycle**	Concepts, standards and terminology, with a diagnostic exercise to baseline the group.
Day 2	**Scope definition and control**	Methods and tools explained step by step, with worked examples from real operations.
Day 3	**Planning and scheduling**	Hands-on practice in small groups using realistic data, cases and templates.
Day 4	**Execution and safety**	Case studies of successes and failures, and how to apply the lessons in your organisation.
Day 5	**Post-turnaround review**	Integration exercise, final knowledge check and a personal action plan.

10-day extended programme

Includes the full 5-day outline, plus a second week of applied work:

Day 6	**Applied workshop: Turnaround life cycle** — Deeper practice with your own data or site examples.
Day 7	**Applied workshop: Scope definition and control and planning and scheduling** — Group exercises that combine methods from week one.
Day 8	**Field case study: Execution and safety** — A detailed industry case worked through from start to finish.
Day 9	**Advanced practice: Post-turnaround review** — Tools, templates and checklists to take back to work.
Day 10	**Assessed project and presentation** — Each delegate presents an improvement plan and completes the final assessment.
